

a lifetime of enjoyment

In 2006, Veranda Luxury Pontoons began crafting the finest engineered pontoons in the luxury pontoons industry. With the strength and security of our Patented Interlocking Deck System combined with the ultimate in style and luxury, owners of Veranda Luxury Pontoons never have to choose between exhilarating performance and soothing relaxation. Over the years Veranda has continued to refine the manufacturing processes and provide the opportunity for thousands of Veranda Luxury Pontoon owners, like yourself, to discover the rewarding benefits of boating and make memories that last a lifetime. We want to welcome you to Veranda's 2022 lineup of luxury pontoons. You have chosen the finest in opulence, state-of-the-art construction, and impressive performance. A lifetime of enjoyment awaits you!

If you are reading this, then you have taken your valuable time to research the finest engineered platform in the luxury pontoon boating industry, and on behalf of my family, I want to thank you. Veranda Luxury Pontoons takes pride in the fact that our forefather, designed and manufactured the “Original” all-welded aluminum boat, 56 years ago, Xpress Boats. We set out to be innovative and original, and we accomplished that with Veranda’s Patented All-Welded All-Aluminum Interlocking Deck System, which will provide you with a lifetime of enjoyment. We often wonder why other manufacturers build in “predetermined obsolescence” when we guarantee our patented deck for a lifetime. Today, we are still family-owned, family-operated, and proud to introduce our 2022 line of luxury pontoons for your consideration. Veranda Luxury Pontoons turns your dreams into reality through luxury style, and best-in-class features at a competitive price. Don’t you deserve the best for your investment?

Why Veranda?

CONSTRUCTION

Veranda Luxury Pontoons uses the finest quality aluminum for each pontoon boat deck we build, ensuring a lifetime of trouble free fun. All aluminum is a great way to say, NO WOOD and NO ROT. Veranda's patented 2x6 extruded aluminum planks are interlocked and welded directly to brackets creating a solid foundation that eliminates flex and noise. We believe that our All-Aluminum All-Welded Interlocking Deck System is superior to all other pontoon manufacturers in the industry and offers you a lifetime guarantee on the decking. Turn to pages 4-5 in this catalog for additional information about construction.

PERFORMANCE

Allow us the pleasure of totally redefining what pontoon performance means. Every single model that rolls off the assembly line at Veranda Luxury Pontoons comes standard with a tri-toon Performance Package, which includes hydraulic tilt steering, full-length lifting strakes and our integrated performance motor pod. The trio of components provides exceptional performance including greater capacity, increased horsepower capability, increased lift, less resistance, better maneuverability, and higher speed. Flip to pages 6-7 in this catalog for additional information about performance.

COMFORT

At Veranda Luxury Pontoons, your personal comfort is at the forefront of every decision we make. Our V One, VP and Vertex Series each include a long impressive list of best-in-class standard features. We have intentionally gathered specific groupings of amenities into Base, Deluxe and Luxury Packages available on our Relax and Fish Series, which make your buying process easy and get you out of the dealership and onto the water faster. We also offer a robust list of optional features on all models to suit your specific need. Your passengers will never want to return to land once they've experience the deep comfort on your Veranda!

ENJOYMENT

Your satisfaction is our pursuit and whether that means tubing behind the tower on a VP RCT, throwing a topwater bait in the early morning from a Fishing Series, or cruising in our flagship, the V One, Veranda Luxury Pontoons has you covered. Perhaps your idea of an afternoon out on the water means beaching your Relax Series pontoon on a remote shore, cranking up some tunes, and basking in the sun - well, you can do that as well. Add a ski tow bar or turbo swing tow bar and keep your watersport enthusiasts happy. We provide a vast selection of optional features to meet your taste and budget.

VALUE

With Veranda, you'll experience the elegance, beauty and confidence of knowing you have chosen the finest deck system in the industry with exquisite best-in-class components, durable marine grade vinyl, polyurethane foam seating, and the reliability of Yamaha Outboards. We guarantee our decks and seating to be wood-free, so the worries of your substructure rotting is a non-issue. Veranda owners never have to choose between exhilarating performance and soothing relaxation. Your Veranda will generate decades of memories. Turn to pages 4-5 in this catalog for additional information about quality and value.

SQUARE FOOTAGE

Some pontoon manufacturers round up the length of their boats to a nice, even number which can be very misleading for a consumer. At Veranda, you truly get what you pay for! The deck length listed on each model (20, 22 or 25 feet) is accurate. The overall length includes the deck length, plus the motor pod extending from the stern, but not the outboard. Our floor plans are designed to provide the maximum square footage of truly usable deck space. Our Authorized Dealers will gladly help you determine the perfect series, model and size luxury pontoon to ensure you have a lifetime of enjoyment!

Scan this code with your smartphone to learn more about **Why Veranda** is the best choice for your hard-earned investment.

This Catalog is **YOU**er Friendly

We know that the buying process can be very intimidating and confusing, which is why we have intentionally designed this catalog with you, the prospective buyer, in mind. The presentation of information on the following pages includes everything you'll need to know about our seven distinct series (V One, VP Tower, VP, Vertex, Relax, Vista View and Fish) and enable you to make a well-informed decision. Each section includes details for each model that contains specifications, standard features, and the specific web page to get additional information. You'll then see a spread containing all overheads so you can "Pick Your Floorplan" and then "Add Some Colors" for the panels, powder coat rails, furniture upholstery, console and marine grade flooring. The last part in each section allows you to "Pick a Few Accessories," where you'll see images of our most popular standard and optional features, along with a list of available packages for that series. Extravagance and style are truly within your reach. We build a Veranda for every budget.

Life & Style
VERANDA

YOU ARE ONLY A KEY TURN AWAY FROM
a lifetime of enjoyment

VITAL INFORMATION TO READ:

When choosing a luxury pontoon, the information contained on these two pages will be the most valuable intel you can arm yourself with while comparing brands. This is our commitment and your assurance you will not find a finer built foundation to build your luxury pontoon on, anywhere. Although our competitors will tell you a multitude of Myths, we want you to know the Facts.

DIFFERENCE THE VERANDA LUXURY PONTON

PATENTED: ALL-ALUMINUM DECK...

All aluminum is a great way to say, NO WOOD and NO ROT. Veranda Luxury Pontoons uses the finest quality aluminum to produce each pontoon boat deck ensuring a lifetime of trouble free fun.

PATENTED: ALL-WELDED INTERLOCKING DECK

Each 2x6 plank is engineered to interlock together. After the planks are interlocked, they are welded directly to brackets that run the full length of each pontoon. This unibody construction creates a solid foundation that eliminates flex and noise often seen on the competition's screw together decks.

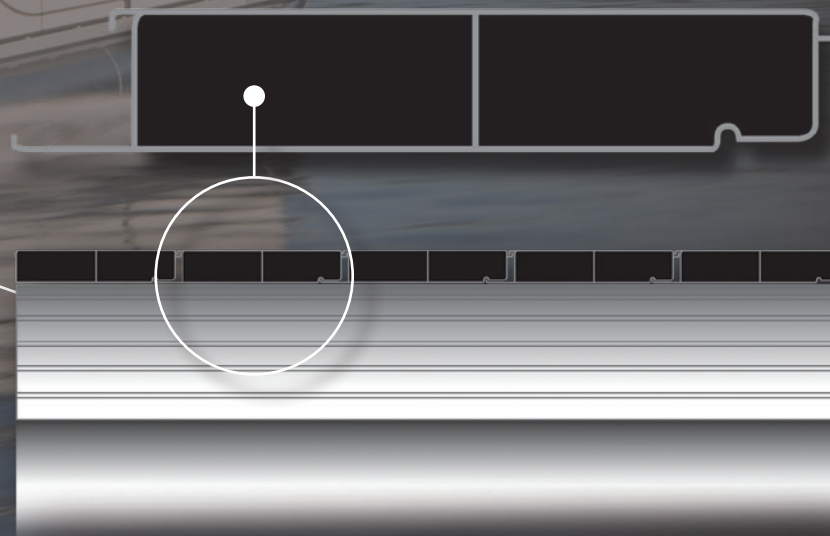

PATENTED: EXTRUDED ALUMINUM PLANK

Veranda's patented aluminum planks are extruded, creating hollow chambers inside. These chambers reduce weight and allow for aeration of the deck surface keeping it cool during the hot summer months. The competition's wood deck can hold moisture and increase in weight over time.

PATENTED INTERLOCKING DECK LIFETIME STRUCTURAL WARRANTY

By choosing Veranda you will avoid the costly maintenance required by wood deck systems, retain long-term value and subsequently a greater return on your investment.

PATENTED ALL-ALUMINUM DECK MOUNTING SURFACE

Veranda Luxury Pontoons aluminum structure provides a durable foundation for installation of railing, seats, and other components. Fasteners attached to the competition's wood structure decking are more likely to break away or loosen over time.

CHAMBERED PRESSURE TESTED PONTONS ENCLOSED M-DECK BRACKETS

Veranda's pontoons are large in diameter and designed to provide maximum flotation. Each pontoon has up to five structural baffles to provide added strength and rigidity. The m-deck brackets, which attach the pontoon to the decking, are capped and welded over to provide superior support and strength, eliminating stress caused by today's large outboard engines.

Scan this code with your smartphone to learn more about **The Myths & The Facts**.

THE MYTHS & THE FACTS

WHAT THE COMPETITION DOES NOT WANT YOU TO KNOW!

MYTHS crafted by anxious, worried, and troubled competitors of Veranda Luxury Pontoon

MYTH #1

Troubled competitors want you to believe *Veranda Luxury Pontoons ride rough.*

FACT

TRUTH IS, unlike competitor's decks obstructed by cross member construction, the Patented All-Aluminum All-Welded Interlocking Deck System on each and every Veranda Luxury Pontoon is engineered and constructed with a smooth underside, free and clear of these obstructions. This smooth surface reduces water drag and eliminates all surging which can result from cross members. Troubled competition tries to achieve this feature by offering an optional, riveted skin of aluminum on the bottom of their cross members; skin which can trap moisture and actually accelerate wood rot.

MYTH #2

Worried competitors want you to believe *Veranda Luxury Pontoons are noisy.*

FACT

TRUTH IS, pretty much nothing could be further from the truth! Our luxury pontoons do not include any wood, screws, or cross members. Veranda Luxury Pontoon Patented All-Aluminum All-Welded Interlocking Deck System, engineered and constructed without screws and cross members, actually eliminates the very noise our worried competitors knowingly create by their own use of wood, screws, and cross members.

MYTH #3

Anxious competitors want you to believe *the deck on Veranda Luxury Pontoons get hotter than theirs.*

FACT

TRUTH IS, the wood decks built by our anxious competitors can absorb moisture and actually rot. Veranda Luxury Pontoon decks are engineered and constructed with extruded all-aluminum planks, which allow for movement of air and actually work to cool our Patented All-Aluminum All-Welded Interlocking Deck System. In fact, we recently did a test comparing deck temperatures between one of our Veranda Luxury Pontoons and a competitors deck with similar colored vinyl flooring. The results may startle you...temperatures on our deck were over 15° cooler than our competitors decks. Which would you rather walk bare foot across? This evidence is further reason to trust Veranda Luxury Pontoon construction techniques.

THE COMPETITORS DECK VERSUS VERANDA LUXURY PONTOONS DECK:

WOOD DECK SYSTEM VS. THE PATENTED ALL-ALUMINUM INTERLOCKING DECK SYSTEM

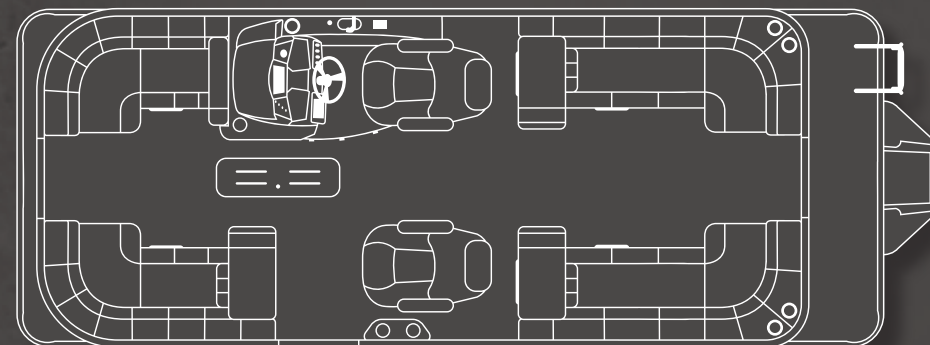

Compared to our Competitors "Predetermined Obsolescence" use of wood, Veranda's no-wood "Lifetime of Enjoyment" construction featuring our Patented All-Aluminum All-Welded Interlocking Deck System clearly illustrates that Veranda Luxury Pontoon is the best choice! At the time of purchase, all of our competitors plywood decks are void of moisture, rot, or mold. However, over time this substrate deteriorates, absorbs countless gallons of water, begins the rotting process, separates and begins to mold. As illustrated, a bigger bolt through plywood does not constitute a stronger foundation, it just puts a bigger hole in a porous substrate. Don't you deserve the assurance that you are purchasing the best for your investment?

- PLYWOOD SURFACE OFFERS WEAK MOUNTING SURFACE
- MORE BOLTS, MORE ACCESS FOR MOISTURE
- PROTRUDING CROSS MEMBERS INCREASE DRAG
- DECREASED STABILITY OVERTIME
- INCREASED WEIGHT
- INCREASED PROBABILITY OF MOLD GROWTH
- INCREASED NOISE
- M BRACKETS ARE LEFT OPEN

PATENTED INTERLOCKING DECK

NO WOOD, NO ROT & NO MOLD = LIFETIME OF ENJOYMENT

NOT ALL BOAT SIZES ARE EQUAL

The goal of each floorplan we offer is to provide you, our valued customer, with the perfect combination of swim platforms and plentiful seating and storage. The average Veranda Luxury Pontoon interior is over 10% larger than most all other brands.

PERFORMANCE PERSONIFIED!

GREATER PASSENGER CAPACITY

Veranda Luxury Pontoons Triple-Toon Performance Packages are available with 25" diameter or 27" diameter pontoons. These larger diameter pontoons will carry more of your friends and family. 20' triple-toons carry 11 people, while the 22' options carry 13 passengers and the 25' options can safely handle up to 15 passengers, meaning you won't have to leave anyone back at the dock.

GREATER HORSEPOWER

The Integrated VLP Motor Pod with High Horsepower Package is designed to carry the larger horsepower engines you've been wanting. So, you can equip your luxury Veranda with up to a 425 horsepower V8 5.5 L engine.

GREATER RUNNING SURFACE

Veranda Luxury Pontoons Triple-Toon Performance Packages include four full-length lifting strakes and our Integrated VLP Performance Motor Pod, which provide additional running surface and superior bow lift. These features, in combination with VLP's patented integrated wave shield design, reduce water resistance putting your Veranda out ahead of the competition in speed, fuel efficiency, and ride quality.

GREATER MANEUVERABILITY

Veranda Luxury Pontoons Triple-Toon Performance Packages are equipped with hydraulic tilt steering and can be upgraded to the power steering making handling the tightest of turns easy for any member of the family.

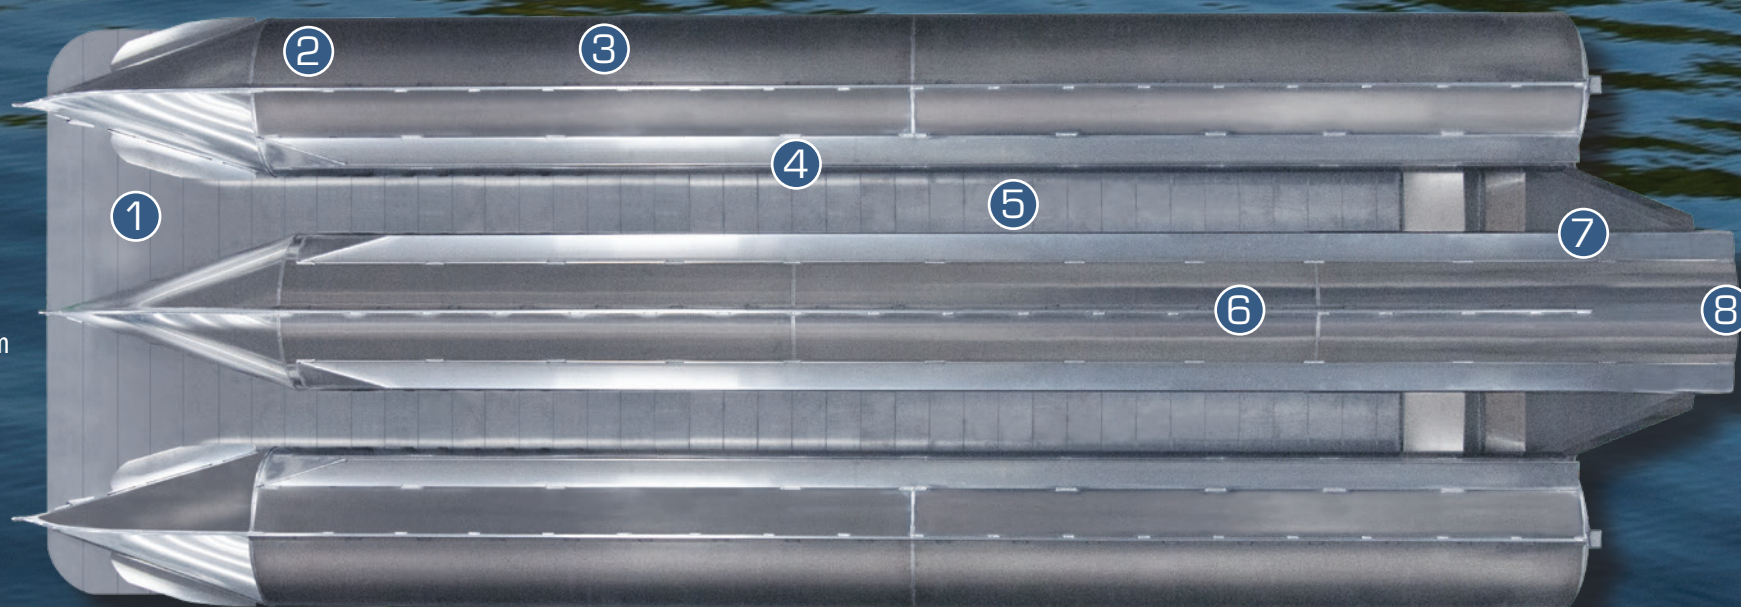

GREATER SPEED

Veranda Luxury Pontoons Triple-Toon Performance Packages combined with our Patented All-Aluminum All-Welded Interlocking Deck System ensure you will be out in front of the pack. Don't just take our word for it, schedule your test drive today by going online to www.verandamarine.com/locate-dealer.

VP SERIES VLB/VLC

VERSA LOUNGE BENCH/CAPTAIN'S CHAIR

VP25VLB / VP22VLB • VP25VLC / VP22VLC

The Versa Lounge, with 3-position pillow-top aft lounge seating, full-length rear cabin port seat back, and two forward chaise lounges up front, provides soothing comfort to everyone onboard. When you combine the Versa Lounge with the style and amenities that the VP Series is known for, you are in for a real treat. Choose from the Versa Lounge Bench (VLB) layout, which has a removable ottoman and mid-cabin bench, or the Versa Lounge Captain's Chair (VLC) layout, with a matching port captain's chair. The Versa Lounge, coupled with the reliability of the Veranda difference, has never felt so good!

Vertex SERIES *The Absolute Pinnacle of Luxury Pontooning*

VERTEX – the highest ... the apex ... the point at which you reach the top of tri-toon luxury. VERTEX ... where the most successful of pursuits finds true conclusion. With Veranda Luxury Pontoons, your successful pursuit of luxuriousness and technological superiority culminates at the ultimate vertex, the Veranda VERTEX. Every model in the VERTEX Series is built upon the same solid, reliable foundation, ensuring a lifetime of enjoyment.

Picking out your Vertex Series is as easy as one, two, three, four...

1

DISCOVER THE SERIES

The Vertex Series offers four different luxury models, each with a distinct offering of amenities: Rear Chaise (RC), Rear Facing Lounge (RFL), Versa Lounge Bench (VLB) and Versa Lounge Captain's Chair (VLC).

PAGES 30-35

2

SELECT YOUR FLOORPLAN

A birds eye view of the four distinct models allows you to conduct a side-by-side comparison of the different furniture arrangements and lengths to determine which of the Vertex Series will best suit your needs and provide you with a lifetime of enjoyment.

PAGES 36-37

3

ADD SOME COLORS

Let your personality shine by selecting distinct colors for the panels, powder coat rails, furniture upholstery, console and marine grade flooring. Together, these various components will give your Vertex Series tri-toon the exact look and feel you desire.

PAGES 36-37

4

PICK A FEW ACCESSORIES

From bow to stern, the Vertex Series comes loaded with an extensive assortment of best-in-class standard features that allow you to maximize your valuable time on the water with family and friends.

PAGES 38-39

*Bronze Metallic Panels w/Black Powder Coated
Rails and Café Espresso Accents Beige Interior*

VERTEX SERIES VLB/VLC

VERSA LOUNGE BENCH/CAPTAIN'S CHAIR

VTX25VLB / VTX22VLB • VTX25VLC / VTX22VLC

The pinnacle of tri-toon luxury is even further elevated when you add the Versa Lounge floor plan to Veranda's already extraordinary VERTEX lineup. Built with our softest and most luxurious vinyl, 3-position VLB lounge seating provides ultimate forward-facing, aft-facing, and fully reclined, laydown comfort for all passengers, plus the full-length rear cabin port seat back, and two forward chaise lounges up front. Choose from the Versa Lounge Bench (VLB) layout, which has a removable ottoman and mid-cabin bench, or the Versa Lounge Captain's Chair (VLC) layout, with a matching port captain's chair. A full-length rear cabin port seat back and two forward cabin chaise lounges allow over-the-top luxury seating for all onboard. The VERTEX Versa Lounge is your luxury ticket to total comfort!

Relax SERIES

Designed for any Generation, Built for any Situation

Relax is a name chosen to perfectly describe what this series of pontoons and tri-toons were designed to do for you. Whether it's just you on the lake or a dozen of your closest friends out for a cruise... just Relax. Designed for any generation and built for any situation. New features for 2022 include all new modern fence design, upgraded dash design for Base & Deluxe Packages, and a new center dash GPS. The Relax Series is your passage to extravagant luxury and relaxation.

Picking out your Relax Series is as easy as one, two, three, four...

1

DISCOVER THE SERIES

The Relax Series offers four different luxury models, each with a distinct offering of amenities: Rear Chaise (RC), Rear Facing Lounge (RFL), Versa Lounge Bench (VLB), and Versa Lounge Captain's Chair (VLC) Series.

PAGES 42-47

2

SELECT YOUR FLOORPLAN

A birds eye view of the four distinct models allows you to conduct a side-by-side comparison of the different furniture arrangements and boat lengths to determine which of the Relax Series will best suit your needs while providing you a lifetime of enjoyment.

PAGES 48-49

3

ADD SOME COLORS

Let your personality shine by selecting distinct colors for the panels, powder coat rails, furniture upholstery, console and marine grade flooring. Together, these various components will give your Relax Series tri-toon the exact look and feel you desire.

PAGES 48-49

4

PICK A FEW ACCESSORIES

From bow to stern, Veranda has a wide selection of best-in-class features that will allow you to customize your Relax Series and maximize your valuable time on the water. Plus, a wide assortment of optional features to fulfill all your wishes.

PAGES 50-51

*Two-tone Champaign Metallic and Black Metallic Panels
w/Black Powder Coated Rails and Blended Latte Interior*

RELAX SERIES VLB/VLC

VERSA LOUNGE BENCH/CAPTAIN'S CHAIR

VR25VLB / VR22VLB •v VR25VLC / VR22VLC

Boating enthusiasts of all ages trust the Veranda Luxury Pontoons Relax Series for its great versatility and lofty comfort. You can experience a new level of bliss when you select the Versa Lounge floor plan, with its 3-position aft lounge seating, full-length rear cabin port seat back, and two forward chaise lounges upfront. Choose from the Versa Lounge Bench (VLB) layout, which has a removable ottoman and mid-cabin bench, or the Versa Lounge Captain's Chair (VLC) layout, with a matching port captain's chair. Being on the water in a new Relax VLB or VLC floor plan, built upon Veranda's patented all-aluminum, all-welded interlocking deck system is confidence that conquers!

Relax Series

Vista View SERIES

Affordable Luxury with a Spectacular View

What happens when you combine the finest built, wood-free, best-in-class, "patented" interlocking deck system with style, performance, and class for the discerning boating enthusiast, at the greatest value and return on their investment? Vista View by Veranda Luxury Pontoons. Beautifully appointed with gorgeous marine-grade vinyl seating, a luxurious helm with a newly re-designed dash panel, and an optional captain's chair, the Vista View is guaranteed to elicit envy from everyone on the water.

Picking out your Vista View Series is as easy as one, two, three, four...

1

DISCOVER THE SERIES

The Vista View Series offers a single economy Rear Chaise (RC) Series model in tri-toon or bi-toon, with a distinct offering of amenities and valuable benefits.

PAGES 54-55

2

SEE YOUR FLOORPLAN

A birds eye view allows you to conduct a side-by-side comparison of the different furniture arrangements and boat lengths to determine which of the Vista View Series will best suit your needs while providing you a lifetime of enjoyment.

PAGES 55-57

3

ADD SOME COLORS

Let your personality shine by selecting distinct colors for the panels, furniture upholstery, console, and marine grade flooring. Together, these various components will give your Vista View Series the exact look and feel you desire.

PAGES 56-57

4

PICK A FEW ACCESSORIES

From bow to stern, Veranda has a wide selection of best-in-class features that will allow you to customize your Vista View Series and maximize your valuable time on the water. Plus, a wide assortment of optional features to fulfill all your wishes.

PAGES 58-59

the Vista View Series.

VISTA VIEW SERIES RC

REAR CHAISE
VISTA22RC / VISTA20RC

The Vista View, available in 20 and 22-foot options, is the only pontoon on the market that looks, rides, and performs like a high-end luxury craft that is affordable to all. You owe it to yourself to invest in the best platform on the water. Our Patented All-Aluminum All-Welded Interlocking Deck System means you are only a key turn away from a lifetime of enjoyment. Picture yourself on a Veranda with a spectacular view from the Vista!

Fish SERIES

*Whether Casting or Cruising,
we have you Covered*

Matchless experience combined with the Patented All-Aluminum All-Welded Interlocking Deck System elevate Veranda Luxury Pontoons Fish Series above all the so called competition. There's a Veranda to fit everyone's budget and taste... a lifetime of enjoyment is within your reach throughout our Fish Series. If you could have the best and not break your budget, why not Veranda? New features for 2022 include all new modern fence design, upgraded dash design for Base & Deluxe Packages, and a new center dash GPS. Veranda Fish Models are the perfect blend of luxury and fishability and are, hands down, the absolute right choice for the discerning angler.

Picking out your Vista View Series is as easy as one, two, three, four...

1

DISCOVER THE SERIES

The Fish Series offers three different luxury models, each with a distinct offering of amenities: F4 with four fishing chairs, F2 with two fishing chairs or the F2plus2 Series, with two chairs inside and two outside the fence on the bow.

PAGES 60-65

2

SELECT YOUR FLOORPLAN

A birds eye view of the three distinct models allows you to conduct a side-by-side comparison of the different furniture arrangements and lengths to determine which of the Fish Series will best suite your needs and provide you with a lifetime of enjoyment.

PAGES 66-67

3

ADD SOME COLORS

Let your personality shine by selecting distinct colors for the panels, powder coat rails, furniture upholstery, console and marine grade flooring. Together, these various components will give your Fish Series tri-toon the exact look and feel you desire.

PAGES 66-67

4

PICK A FEW ACCESSORIES

From bow to stern, Veranda has a wide selection of best-in-class features that will allow you to customize your Fish Series and maximize your valuable time on the water. Plus, a wide assortment of optional features to fulfill all your wishes.

PAGES 68-69

FISH SERIES F4

4-POINT FISH MODELS

VF22F4 / VF20F4

Veranda's F4 Series is designed with the serious fisherman in mind. Four corner fishing chairs provide ample room to spread out. With every launch, you can cast or cruise in carefree comfort with the Veranda F4 Series. Catch your limit and rest easy knowing your F4 is designed and built to meet angler's needs – rod box, live well, and fish finder are just a few of many standard features that make the F4 the clear choice among fishing tri-toon and bi-toon models. Save money over time by trusting in the Patented All-Aluminum, All-Welded Interlocking Deck System.

FISH SERIES F2plus2

2+2 FISH MODEL

VF25F2plus2

Designers at Veranda Luxury Pontoons know that good things come in pairs, as evident in the Fish Series F2plus2. Anglers will appreciate two fishing seats in the rear and two fishing seats positioned outside the fence on the bow, and the two front chaise lounges when not fishing. Whether you are a serious fisherman or not, the Veranda F2plus2 is a win-win option loaded with must-have amenities for the entire family. Fishing, cruising or watching the sunset, we have got you covered!

Reliability Starts Here.®

THE PERFECT EXCLUSIVE COMBINATION: VERANDA LUXURY PONTOONS & YAMAHA OUTBOARDS

Veranda Luxury Pontoons has exclusively chosen Yamaha Outboards to complement their wonderful line of boats. Whether it be an afternoon cruise with the family or friends or trying to catch a fish of a lifetime, Yamaha Outboards will give you the turn-key reliability and efficiency you deserve. Luxury, performance, and quality coupled with a lifetime of enjoyment equals the right motor, right boat, right decision.

BT

BACKTRACK TRAILERS

Veranda Luxury Pontoons proudly offers an industry superior all-aluminum, all-welded trailer. Backtrack® Trailers are as attractive as they are rugged. Each trailer is custom built to cradle your Veranda with treated bunks to ensure that your pontoon is transported safely and securely. To customize your trailer you can add optional features like a spare tire with mount, brakes on the second axle of the tandem, and aluminum wheels. LED lighting and composite bunk covers are standard. Backtrack Trailers are designed exclusively for Veranda Luxury Pontoons and are second to none in quality, craftsmanship, and durability.

VORTEX HIGH PERFORMANCE HUBS

100,000 MILE LUBRICATION SYSTEM

Lithium complex fortified with rust and oxidation inhibitors, high pressure additives provides a high degree of water resistance and washout properties.

- 100,000 mile or 6 year limited warranty* (no extra cost)
- "No Touch" lubrication system
- No need for periodic re-greasing or inspection
- Reusable dust cap is threaded for easy removal when needed
